#### Lumi Aluminium

Available in replacement—perfect double—glazed units and ultra—efficient triple glazed, our new aluminium range is a lighter, slimmer window that still retains its designer good looks but now makes it a perfect replacement option for the home improvement market.

#### Lumi Double Glazed

Lighter and easier to handle with a fine border and generous sight lines, our double glazing range is perfect for all uses, particularly replacing traditional uPVC frames.

#### Lumi Triple Glazed

Slim design with the soundproofing and energy efficiency of triple glazing, this is the perfect solution for windows exposed to harsh elements, making it a great combination partner with the double—glazed version.

## Window Range Guide

DOUBLE  
GLAZED  
WINDOWS

lumi

56mm  
With  
Steel Insert

**The perfect replacement window.**  
Steel reinforced slimline design is ideal for brick facing walls with no cavity or reveal. Ideal for single glazed replacement, large format windows spanning 1m+.

56mm  
With  
Thermal Insert

**The perfect kitchen or bathroom replacement window.**  
Thermal reinforced slimline design, ideal for smaller bathrooms, en-suites or kitchens. Five-chamber nylon thermal insert reduces convection, heat loss and steaming up in moist room environments. 1m maximum span, PVC outer, strong fibreglass inner and frame means steel insert not required.

72mm  
With  
Steel Insert

**The perfect replacement window.**  
Steel reinforced design ideal for brick facing walls with a cavity or reveal. Ideal for single glazed replacement, large format windows spanning 1m+.

72mm  
With  
Thermal Insert

**The perfect kitchen or bathroom replacement window.**  
Thermal reinforced design, ideal for smaller bathrooms, en-suites or kitchens. Five-chamber nylon thermal insert reduces convection, heat loss and steaming up in moist room environments. 1m maximum span. PVC outer, strong fibreglass inner and frame means steel insert not required.

TRIPLE  
GLAZED  
WINDOWS

lumi

56mm  
With  
Steel Insert

**The perfect north-facing, harsh elements large window.**  
Triple glazed steel reinforced slimline design, ideal for larger windows exposed to north winds and little sunshine. Perfect for new-build, extension and overexposure replacement. PVC outer, aluminium sash spanning 1m+.

56mm  
With  
Thermal Insert

**The perfect north-facing, harsh elements bathroom or kitchen window.**  
Triple glazed thermal reinforced slimline design, ideal for bathroom and kitchen windows exposed to north winds and little sunshine. Five-chamber nylon thermal insert reduces convection, heat loss and steaming up in moist room environments. Perfect for new-build, extension and overexposure replacement. PVC outer, aluminium sash.

72mm  
With  
Steel Insert

**The perfect north-facing, harsh elements large window.**  
Triple glazed steel reinforced slimline design, ideal for larger windows exposed to north winds and little sunshine. Perfect for new-build, extension and overexposure replacement. PVC outer, aluminium sash.

72mm  
With  
Thermal Insert

**The perfect north-facing, harsh elements bathroom or kitchen window.**  
Triple glazed thermal reinforced design, ideal for bathroom and kitchen windows exposed to north winds and little sunshine. Five-chamber nylon thermal insert reduces convection, heat loss and steaming up in moist room environments. Perfect for new-build, extension and overexposure replacement. PVC outer, aluminium sash.

80mm  
With  
Fibreglass  
Construction

**The ultimate window.**  
The ultimate in energy efficiency, strength, security and sound reducing performance. With an all fibreglass construction that's fully insulated inside and out, it's perfect for large new-builds and very large feature windows.

LUMI  
ALUMINIUM  
WINDOWS

aluminium

Double  
Glazed  
Aluminium  
Window

**Lumi aluminium double glazed. The great all-rounder.**  
Our slimmest ever design, with a fine border and generous sight lines mean it's perfect for all uses. The strength and durability of aluminium make it our most popular current model.

Triple  
Glazed  
Aluminium  
Window
